

It is my pleasure on behalf of the Town of Westville to recognize May 10 to May 16 as National Nurses Week.

The theme this year is extremely appropriate, "We Answer The Call". We appreciate the fact that nurses have always answered the call to care for us but never has it been more obvious than during the past year.

The extra burden of dealing with the Covid-19 pandemic has demonstrated more than ever the dedication of nurses. We are forever thankful for the dedicated service provided to our residents by nurses on a daily basis.
