

Notice to Residents of Westville

Re: Garbage and Recycling Pick UP

Issue:

On Friday August 12th a number of residents on Cowan Street reported not having their garbage and recycling picked up.

What Happened:

The contractor used by Pictou County Solid Waste to pick up garbage and recycling recently added additional trucks to their routes which has made the collection of garbage and recycling in Westville go faster. This increase in efficiency has resulted in earlier than usual garbage and recycling collection in some areas.

Solution:

Pictou County Solid Waste has arranged with the contractor to accept **double the amount** of bags for the next scheduled collection along Cowan Street.

Going Forward:

Pictou County Solid Waste reminds all residents to place their garbage and recyclables at curbside by 7 am on collection day to ensure collection.
